

IN THE FIGURES:

Submitted herewith are three sheets of substitute drawings to amend the Figures 3, 4, and 7.

REMARKS

Applicant has amended the specification and has also amended the drawings. Applicant respectfully submits that these amendments to the specification and the drawings are supported by the application as originally filed and do not contain any new matter. Therefore, the Office Action will be discussed in terms of the specification and drawings as amended.

The Examiner has rejected the Claims 1 and 2 under 35 U.S.C. 112, first paragraph, as failing to provide an enabling disclosure because of certain errors in the specification. Applicant has amended the specification and the figures, and respectfully submits that the specification does now provide enabling disclosure for the Claims 1 and 2.

The Examiner has rejected the Claims 1 and 2 under 35 U.S.C. 102 as being anticipated by Alumont, et al., stating that Alumont, et al. discloses each and every element of Applicant's invention.

Applicant has carefully reviewed Alumont, et al. and respectfully submits that Alumont, et al. merely discloses an apparatus or method in which a comparison is made with a reference, and this is clearly not Applicant's invention.

In view of the above, therefore, Applicant respectfully submits that the Claims 1 and 2 are not anticipated by Alumont, et al.

In view of the above, therefore, it is respectfully requested that this amendment be entered, favorably considered, and the case passed to issue.

Please charge any additional costs or in order to implement this amendment or required by any requests for extensions of time to KODA & ANDROLIA DEPOSIT ACCOUNT NO. 11-1445.

Respectfully submitted,

KODA & ANDROLIA
